## PRINCIPAL'S MESSAGE

Dear Cowpens Family:

Welcome to Cowpens Middle School! At this time, I want to express my eager anticipation for the 2017-2018 school year. As your principal, I want to ensure that you have the best educational experience possible as you travel the historical halls of CMS. Our outstanding faculty and staff have high expectations for your academic success as well as your behavior. One thing I ask of you is to give 100 percent effort, every day, and in everything that you do. Coupled with our high expectations, success is inevitable.

We also want to keep you informed of the CMS policies and procedures found in this handbook. Please read it carefully. If you need clarification or have any questions, please contact the office for assistance.

Additionally, I would like to encourage all students to participate in school activities throughout the school year. There are many extracurricular activities to be involved with, including sport teams, clubs, student government, news crew, band, chorus, etc. The more you are involved in school, typically, results in more success.

Lastly, for guardians, your child's attendance is very important and we expect them to be here every day and on time. Teachers begin moving students to homeroom class at 7:40am. Also, please update the office, in writing, with any changes that you may have in address/phone numbers throughout the year. It is very important that our student information stays current in order for us to contact if needed. Also, please take advantage of Parent Portal, an internet program that allows access to your child's grades, if you have not. See the office for your Parent Portal instructions.

I want this to be a great year for our CMS family and my door is always open to assist you in any way I can. Again, welcome to or welcome back to CMS and don't forget Open House on August 29th at 6:00pm. We would love to see you here!

GO RED RAIDERS!

Sincerely,

Matt Davis  
Principal

### EVERY STUDENT SUCCEEDS ACT

The Every Student Succeeds Act (ESSA) was signed by President Obama on December 10, 2015. This bipartisan measure reauthorizes the 50-year-old Elementary and Secondary Education Act (ESEA), the nation's national education law and longstanding commitment to equal opportunity for all students. The new law builds on key areas of progress in recent years, made possible by the efforts of educators, communities, parents, and students across the country.

The previous version of the law, the No Child Left Behind (NCLB) Act, was enacted in 2002. NCLB represented a significant step forward for our nation's children in many respects, particularly as it shined a light on where students were making progress and where they needed additional support, regardless of race, income, zip code, disability, home language, or background. The law was scheduled for revision in 2007, and, over time, NCLB's prescriptive requirements became increasingly unworkable for schools and educators. Recognizing this fact, in 2010, the Obama administration joined a call from educators and families to create a better law that focused on the clear goal of fully preparing all students for success in college and careers.

## **EARLY RELEASE DAYS**

Spartanburg School District Three Board of Trustees and District Administration value regularly scheduled professional development time and activities for all employees. To honor the value, we have set aside the following four days as early release days for students to provide extended professional development opportunities for our staff.

Wednesday, September 20, 2017

Wednesday, November 15, 2017

Wednesday, February 7, 2018

Wednesday, April 18, 2018

On these dates, our elementary schools will dismiss at 11:30 a.m., middle schools at 12:00 p.m. Lunch will be provided prior to dismissal. All after-school activities including Boys/Girls Club, Daycares, Extended Day Programs and sports will continue as determined by the sponsors and coaches.

## **Academic Assistance/Promotion and Retention Policy**

By law, any student needing academic assistance must be provided a plan during the fall of the school year. Extra help will be provided which may include after school (extended school), during school (Enrich class), or other necessary steps to provide the student services. The parent will be notified about the Academic Plan and the required parent conference.

The administration and faculty of Spartanburg School District Three shall provide instruction to allow each student to progress through school according to his/her needs and abilities. Students will generally be promoted from one grade to another at the end of the school year. Certain students, however, will be retained should they not meet standards described in the promotion policy. Whenever a decision has to be made to retain a student, it will be made for each student on an individual basis by the teacher(s) of the student and the principal of the school, with parental communication and input an integral part of the process.

Decisions regarding promotion/retention of students in grades six through eight will be based on the following criteria (see Spartanburg County School District Three Board Policy Manual-IKE)

- The criteria for grades one through five (see Board policy).
- Students must pass English language arts and math to be promoted.
- Students who fail three or fewer core subjects in grades six or seven, or two or fewer core subjects in grade eight, must successfully complete summer school to be considered for promotion.
- Students who fail four core subjects (English language arts, math, science and social studies) in grades six or seven, or three core subjects in grade eight, will be retained and not allowed to attend summer school for the purpose of promotion.

## **Accidents**

ACCIDENTS, WHICH OCCUR AT SCHOOL, ARE TO BE REPORTED TO THE OFFICE AS SOON AS POSSIBLE. Any injury for which an insurance claim is to be filed should be reported before going to the doctor for treatment (if feasible) and after returning from the doctor.

If you have an accident at school please remember: If the accident occurs during a class, report it to your classroom teacher; if it occurs at any other time, report it to the office or to the teacher on duty.

## **Arrival and Dismissal**

Parents please do not drop off or pick up students at the front of the building between 7:00-7:45 a.m. and 3:00 – 3:30 p.m. due to bus loading & unloading. Students are not permitted in the building prior to 7:00 AM. When students are brought to the school, they are to be delivered to the car loading area. Students are to report directly to the assigned area for their appropriate grade level. Students are to remain in their assigned area until dismissed. Students are not to remain on campus after dismissal unless they are part of a supervised group.

## **STUDENT PICKUP FROM AFTER SCHOOL ACTIVITIES**

Students remaining for after school activities (clubs, ballgames, dances, etc.) should be picked up no later than fifteen minutes after the event. Supervision will be available for the first fifteen minutes after the event. Please ask your child to give you the exact time that his/her activity will be over. This will enable you to pick up your child at the appropriate time. Students who are picked up more than fifteen minutes after the scheduled end of an event may be restricted from attending future school events at the discretion of the principal.

Home Football games are over at 6:00 pm.

Home Basketball games are over at 7:00 pm.

## **SIGN-IN AND SIGN-OUT PROCEDURES**

Students who are dismissed during the school day must be signed out by a parent or guardian through the main office. Early dismissal must be for a valid reason. To avoid interruptions to instruction, students will not be called during class time (the bell schedule is located within this handbook). If a student is signed out early, he/she is missing valuable instructional time and can hinder the student's education. Signing out of school frequently, without proper excusal documentation, may become a truancy issue. Students and parents are urged to make appointments after school hours. A student is counted absent from classes missed after sign-out; work is to be made up in accordance with the make-up policy. If a student enters or returns to school after the beginning of the school day, the student AND PARENT must come by the office and sign-in and receive a pass to enter the building. Students will only be allowed to leave with THOSE INDIVIDUALS LISTED ON THE STUDENT'S EMERGENCY INFORMATION SHEET.

## **Assemblies**

Throughout the year, there will be many assemblies for various types of programs. Students are expected to be at their best behavior. Below are guidelines for conduct in assembly.

### **Conduct in Assembly**

- Movement into and out of the gymnasium should be in an orderly fashion with no running, pushing, or crowding.
- Each student should go directly and quickly to the area assigned to his class and sit down.
- At no time should there be any type of applause other than clapping of hands. Stamping the feet and whistling serve to detract from the program, waste time and upset people in the program.
- Students are not to talk, read, study, or pass notes while attending an assembly program.

Programs in our gymnasium are for education and entertainment and should be received as such. When saluting the Flag or singing the National Anthem; students are to face the Flag and stand at attention.

## **Attendance**

Spartanburg School District Three will continue to promote regular school attendance. We are required to enforce the South Carolina Compulsory School Attendance Law, which states that every child from ages 5 to 17 must be enrolled and attend school regularly. If your child will be absent or tardy, please call the school before 8 AM. You may also leave a message on our voice mail system at any time of the day or night to let us know why your child will not be in school.

In addition, a recent change was made which requires schools to have parent conferences at **five unlawful or three consecutive unlawful absences**. At this time, we are required to develop an Attendance Intervention Plan to improve your child's attendance and to classify a student as **"truant"** in their attendance information. If unlawful absences continue, we will make a referral for truancy court intervention. By law, a total of **ten (10) unlawful absences may result in your child repeating a grade**. Office staff will call home to verify a student's absence. You may also choose to call the school to leave a message regarding the reason for your child's absence (voice mail will pick up all messages before or after school hours). All students must bring a doctor's statement and/or a parental note to the teacher, following all absences. A parent or guardian note can excuse **five days when approved by the principal. After 5 parent notes, all other excuses must be written by a doctor. It is possible that a child may be retained if absent over fifteen (15) total days, whether the absences are excused or not.**

In order to help in your planning, the following 2016-17 student holidays are as follows: September 5, October 21, November 8, 23-25, December 19-January 2, 2016, January 16, February 20, March 17 and April 3-7. **Please note that vacations will not be excused during the school year.** Parents should arrange doctor appointments for times other than during school hours when possible. Every effort should be made to have your child attend the full school day from 7:50 AM until 3:06 PM.

Regular attendance is essential to success in school. Students are urged to be present in school every day if at all possible. State Board of Education policy requires that students attend *each* class a minimum of one hundred seventy class periods or the equivalent in order to receive credit for the course for the year. Eighty-five class periods or the equivalent are required for credit for a semester course. A student may make passing grades for a course and yet receive no credit for it if he has not attended the class the required number of times. Exception is made only if each absence has been due to illness which is certified by a doctor and all work missed because of the absence has been made up to the satisfaction of the teacher. Students who have excessive numbers of absences/tardies may not be allowed to participate in extracurricular activities such as field trips, dances, team time, sporting events etc. Students will also have opportunities to attend Saturday sessions due to missed assignments and/or attendance issues.

### **LAWFUL ABSENCE**

- Students who are ill and whose attendance in school would endanger the health of others may be temporarily excused from attendance.
- Students in whose immediate family there is a serious illness or death.
- Students may be excused from attendance in school in accordance with local board policies.

### **UNLAWFUL ABSENCE**

Unlawful absence is defined as a student's willing absence from school without the knowledge of the parent, or a student's absence from school without cause with the knowledge of the parent.

**Whenever possible, absence from school should be pre-arranged through the principal of the school.**

After five unexcused absences, a parent will be requested to come in for a conference. By law, a total of ten unlawful absences may result in your child repeating a grade.

### **Examples of unexcused absences are:**

- Truancy
- Suspension when a student is given alternative
- Shopping
- Birthday
- Missing school bus
- Hunting, fishing, etc.
- Trips not approved in advance
- Gainful employment

### **PERFECT ATTENDANCE**

In order to obtain perfect attendance, a student must be present in ALL classes EVERY day AND without a tardy.

## Behavior Code

It is the objective of the Cowpens Middle School faculty and administration to recognize and protect the individual rights of all students and to afford all students with an equal educational opportunity.

### **HARASSMENT/BULLYING POLICY**

**Harassment and bullying are forms of discrimination prohibited by federal and state law. It is the policy of Spartanburg School District Three that harassment or bullying of any kind is prohibited. Any student who thinks he/she has been harassed, intimidated or bullied should contact a teacher, counselor, or administrator immediately.**

Spartanburg School District Three has been very proactive in addressing bullying. Our district has joined hundreds of districts throughout the world in adopting a leading research-based program to prevent bullying. Called the ***Olweus Bullying Prevention Program***, it has proven it can reduce bullying and make schools safer, happier places for students to learn.

### **The Olweus Bullying Prevention Program defines bullying as:**

*"Repeatedly and purposefully saying or doing hurtful things to another person who has a difficult time defending himself/herself. Bullying can take many forms, such as hitting, verbal harassment, spreading false rumors, not letting someone be part of the group or sending inappropriate messages on a cell phone or over the internet."*

This program clearly defines bullying behaviors, levels (degrees), and the consequences which will be imposed. Initial bullying intervention is handled by a teacher or counselor. When bullying behaviors persist, or a serious incident occurs, the school administration will assign disciplinary consequences on the scale shown below. NOTE: The school administration has the discretion of assigning more severe discipline if warranted by the misbehavior.

<b>1<sup>st</sup> Offense</b>	<b>2<sup>nd</sup> Offense</b>	<b>3<sup>rd</sup> Offense</b>
2-5 Day Suspension	10 Day Suspension	Mandatory District Hearing
Required Parent Conference	School Hearing	SRO Intervention
	Probationary Status	Alternative School or Expulsion
	Required Counseling	

### **RESPONSIBILITIES**

Principals are authorized and charged by the Board and Superintendent, and teachers are charged by the principal to maintain and preserve order and discipline in their schools so that students may achieve their maximum educational development.

The parents of the students attending school at Cowpens Middle School are urged to read this code carefully and to discuss its contents with their children. An atmosphere conducive to learning can only be maintained through constant cooperation between school personnel and the parents.

### **CODE OF CONDUCT**

The following "Code of Conduct" will allow an environment that is conducive for learning: **BASIC RIGHTS**

Each student has the **right to learn.**

Each teacher has the **right to teach.**

Each student, teacher, and parent has the **right and responsibility to support each other and expect a positive learning environment.**

### **BASIC RULES**

1. Everyone will be courteous and demonstrate respect for others.
2. Learning and teaching will not be interrupted by anyone.
3. Everyone will respect the personal property of others and school property.
4. Everyone must be on time, ready to work, and stay on task
5. Everyone must use safe and appropriate conduct at all times.
6. No one may possess or use illegal or unauthorized items.

7. Everyone must remain in an authorized place on campus.

In an effort to provide a nurturing and positive but firm learning environment for students, we have a positive system in place to support our discipline code. Teachers have many strategies at their disposal to ensure success of each student. The system will consist of tracking behaviors that need to be adjusted to help students function at his/her most productive level. Some of these behaviors may be infractions that the teachers deems as minor infractions such as disruption, not following directions, off-task, minor disrespect, etc. Students who cannot correct their unacceptable behavior may be given a warning, ICE (Isolated Classroom Experience), parent phone call, restrictive time, or a referral to the grade level dean. There are rewards as well as punishments associated with the plan. Students who receive no marks during a specified time-frame will be rewarded for their good behavior. In addition, students who struggle to comply will also have opportunities to participate in the positive aspects of the program. Some of the possible rewards are field trips, dances, popcorn, Team Time (extra recess time), positive notes sent home, participation in Thursday Things, and many others.

### **Cafeteria: Breakfast & Lunch**

Breakfast and lunch are served at school daily. The school participates in the government free lunch and breakfast program. Free or reduced price meals are provided for eligible students. Applications for this program are provided to every student at the opening of school or at the time of registration. The school cafeteria is maintained as a vital part of the school's program. To encourage proper nutrition, well-balanced breakfast and lunches are offered at reasonable prices.

The cafeteria management and fellow students will appreciate your cooperation in:

- Depositing all litter in wastebaskets.
- Returning all plates and utensils to the dishwashing area.
- Leaving the table and floor around your place in a clean condition for others.

### **LUNCH LINE**

#### **A. Lunch Room Behavior**

- Students should move through the lunch line in a quiet and courteous manner.
- After obtaining their food, students should move to a seat as quickly as possible.
- Once a student has been seated, he/she should not move to another seat without gaining permission from a teacher.
- After eating, students should leave their seats promptly so that others might be seated. When students reach the disposal area, they are to place silverware in the water tray, place paper in the garbage cans, place food remains in the disposal, and stack their trays neatly.

#### **B. Extra Milk:**

- A student may purchase an extra carton of milk in addition to his/her lunch cost.

### **Care of School Property**

Students are responsible for the care of all books, equipment, and furniture used by them. Students are financially responsible for damages to any school-owned property whether due to accident, carelessness or willful vandalism.

### **Change in Transportation**

A student must have written permission from his/her parent/legal guardian in order to ride home with someone else. The student must also have permission from the parent with whom he/she will go home. Both sets of parents/guardians must submit written permission to the office, before 8:00 on the day of the change in transportations, in each instance their child is to ride home with another student.

## Closed Campus

Once a student comes on the school grounds for the day, he/she is not to leave before regular dismissal times without reporting by the office and being granted permission by the office to sign out. Leaving school without permission is a serious matter and any student who does so will be subject to disciplinary action.

## Corporal Punishment

Although SC Code of Laws 59-63-260(1976) states: The governing body of each school district may provide corporal punishment for any pupil that is deemed just and proper, it is the position of the administration at Cowpens Middle School that corporal punishment is not an option for discipline of students by any district employee- Including but not limited to: teacher, assistant principal, or principal.

## Collection of Money

- All checks should be made payable to Cowpens Middle School.
- All fees must be paid by the date set for the activity.
- Refunds of money will not be made unless extenuating circumstances exist as determined by the principal.
- When you provide a check as payment, you authorize us to use information from the check to make a one-time electronic fund transfer from your account, or to process the payment as a check transaction.
- A \$30.00 service charge will be charged on all returned checks by F.A.R.S.(Federal Automated Recovery Systems). By writing a check, you authorize us to collect a fee through electronic fund transfer from your account if your payment is returned unpaid.

## Discipline

### First Tier: Individual Teacher

- Classroom Rules
- Classroom Consequences (determined by teacher and/or class)

### Second Tier: Teaching Team

- Meetings as necessary, to handle specific situations and/or individual students (Students and/or parents may be included in these meetings).
- Consequences decided by the teaching team. The teaching team will have the authority to recommend lunch detentions, after school detentions, or other appropriate consequences.

### Third Tier: Administrative Team

- Office referrals to administrative team.
- Acts of disorderly conduct may be referred when serious, or when outside of house management.
- All Level II and Level III offenses will be referred to administration.
- Consequences will be decided by the administrative team.

### The following is an explanation of the three levels of the Code of Conduct

The following conduct violations and consequences should become familiar to all students and parents. This listing gives the penalties for first, second, and third office referrals. The student will have been involved with minor infractions prior to being sent to the office. Appeals for suspensions and expulsions should be referred to the principal. All appeals will be heard by a District Hearing Officer.

## **DETENTION HALL/IN-SCHOOL SUSPENSION**

There are some breaches of discipline, which require more than a conference, but they are not serious enough to warrant suspension. Detention hall/In-School Suspension is for handling such discipline problems.

- Detention hall will be assigned by a teacher or administrator.
- Detention hall is held from 3:10 P.M. until 4:45 P.M. on a designated day in the Media center. **STUDENTS MUST BE IN THEIR SEATS BY 3:10 P.M.**
- There is to be no talking upon entering the room and they are to take the seat assigned to them and remain there until dismissed. The roll will be checked.
- Students reporting to detention hall are to have study and/or work materials. They are not permitted to leave their seats to obtain materials.
- If a student has been assigned detention hall and is absent from school, he/she is to report to detention hall on the following scheduled detention hall day.
- Students who misbehave during detention hall are subject to suspension and must complete the detention upon returning to school.

STUDENTS ARE NOT TO GO TO LOCKERS OR ANY OTHER AREAS OF THE BUILDING AFTER THEY ARE DISMISSED FROM DETENTION HALL. THEY ARE TO LEAVE THE BUILDING BY WAY OF THE FRONT DOOR NEXT TO THE OFFICE. THEY ARE TO LEAVE THE CAMPUS WITHIN 5 MINUTES AFTER DISMISSAL UNLESS THEY HAVE PERMISSION FROM THE ADMINISTRATION TO REMAIN ON CAMPUS.

## **IN-SCHOOL SUSPENSION RULES**

- You absolutely may not talk or sleep.
- You may not leave your seat without permission.
- You must complete all assignments before the end of your assigned time in ISS. If not, one day of ISS will be added.
- You must be working on assigned work unless you are in conference with in - school suspension coordinator or guidance counselor.
- You must bring pencil, paper, and textbooks to in-school suspension. **NO EXCEPTIONS.**

- If you are disruptive in any way, you will be sent to the principal's or assistant principal's office and be subject to suspension.
- If you are suspended out of school, you will be required to have a parent conference with the principal or assistant principal before re-entering school.

In addition to the rules listed above, all other rules pertaining to student conduct found in the student's handbook will be enforced while in in-school suspension.

## **SUSPENSION OR EXPULSION**

There are some breaches of discipline which are of such a nature that suspension and/or expulsion is warranted. In such instances parents are notified by letter and are asked to come in for a conference before the suspended student returns to classes. Holidays and school cancellations are not counted as suspension days.

STUDENTS WHO HAVE BEEN SUSPENDED OR EXPELLED ARE NOT TO BE ON ANY SPARTANBURG SCHOOL DISTRICT 3 GROUNDS FOR ANY SCHOOL ACTIVITIES WHETHER DURING THE SCHOOL DAY OR DURING AFTER SCHOOL HOURS.

NOTE: Nothing herein shall be construed to limit the authority of the administration to either increase or decrease consequences of misbehavior, regardless of a student's discipline record, when in judgment of the administration such disciplinary action is made necessary by the circumstances.

## Electronic Devices

Personal electronic devices on district and school property may not interfere with the learning, safety, and well-being of students and staff.

A personal electronic device is any device that emits any audible signal, vibrates, displays any message or video image, or is otherwise capable of sending, receiving, emitting, photographing, recording, storing or displaying any type of audio or visual communication, files, or data. This includes, but is not limited to, cellular phones, smart phones, ear phones, camera phones, camera devices, video and audio recording devices, digital recording devices, scanning devices, personal digital assistants (PDAs), MP3 players, I-Pods, I-Pads, tablets, computers, radios, pagers, any devices that allow the possessor to access the Internet, or any similar device or any accessories to such device such as ear plugs.

Students may possess or use personal electronic devices on school property or at a school-sponsored event only as follows:

- The parent/guardian and student have signed and submitted a Personal Electronic Device Acceptance of Responsibility, Appropriate Use, and Permission Form.
- Students may not use personal electronic devices at school prior to the instructional day. Students may not use personal electronic devices on school buses at any time. However, these devices may be used after the school day ends.
- The devices will remain silent during instructional time. However, teachers and school administrators, at their discretion, may allow students to use personal electronic devices for instructional and educational purposes, provided such use is in accordance with the district's technology use policies. These devices shall remain silent and not be used in testing areas. Students with documented disabilities or exceptional needs who require the use of personal electronic devices during the school day must coordinate their use in advance with their teachers and school administrators.
- These devices may not be used to cause any disruption in the educational process or for unethical or illegal purpose. Prohibited use includes, but is not limited to, cheating on assignments and/or tests, harassing or bullying others, and taking and/or distributing unauthorized photographs or recordings of other people. Any student who takes or distributes pictures or recordings of individuals without their permission, risks invasion of privacy and harassment lawsuits in civil courts. The student may also face criminal prosecution. These devices may not be used to reproduce copyrighted material, which can lead to penalties under copyright laws.
- These devices shall never be on, used, or visible in any area where students or staff have an expectation of privacy, including, but not limited to, health rooms, restrooms, locker rooms, dressing rooms, school offices, or in any other areas of any school where use is not expressly authorized.
- These devices shall not be used to access, view, download, upload, share, transmit, or receive any obscene, threatening, harassing, or other inappropriate material via the Internet, electronic mail, text, or instant messages, or other forms of electronic communication. Students are prohibited from using these devices for any activity prohibited by the district's code of conduct, to circumvent district network security and internet blocks or filters, to access or view internet sites that are otherwise blocked from student access at school, or for any unauthorized access to, or inappropriate use of, the district's computer network. The district will monitor student access to the district network and any online activities conducted on its property.
- Students will assume all responsibility and risks relating to their possession and use of their personal electronic devices, including any and all data and content at all times. District employees will not be responsible to store, support, safeguard or troubleshoot any student personal electronic devices. Neither the district, nor its trustees, administrators nor employees shall not be responsible, or liable for, the theft, loss, data loss, damage, destruction, misuse or vandalism of any student personal electronic device brought onto district or school property.

Drivers of moving vehicles may not use cell phones. This is a safety violation and students will face disciplinary action for talking on cell phones while driving on campus. Refer to the discipline code below for consequences for routine cell phone use during school.

Students who violate this policy will be subject to disciplinary actions as defined by the student code of conduct (policy JICDA, Level II-Disruptive Conduct) for the first violation. Following are the consequences of minor personal electronic device violations:

1 <sup>st</sup> Offense	2 <sup>nd</sup> Offense	3 <sup>rd</sup> Offense	4 <sup>th</sup> Offense
Forfeit device until the end of school day. Parent conference after 3:30 p.m.	Forfeit device for 5 days.	Forfeit device for 10 days.	Forfeit device for remainder of the year.

**Note: Illegal, unethical use of a personal electronic device as defined above will result in forfeiture of the device, multiday suspension, alternative school placement, expulsion and/or prosecution.**

### Emergency Drill Instructions

Emergency drills are held regularly. The drill is announced by means of an automatic alarm. In the event of power failure, a hand operated siren will be used. Drills may occur at any time of day, during class period. When the alarm is sounded, students are to form a line quickly and go single file to the exit designated by the principal. Each room will have an evacuation plan posted. Students are requested to move quickly, without running and/or pushing. Emergency drills are a serious matter, and the student should conduct himself so as to make the drill effective. Upon completion of the drill, verbal notice will be given by the administration to return to the building. A STUDENT WHO TURNS ON A FALSE FIRE ALARM IS SUBJECT TO SUSPENSION AND/OR EXPULSION. PERSONS WILL ALSO BE REPORTED TO THE POLICE.

### Fundraising

All fund-raising projects must be approved by the principal. Tickets, candy, gum, or articles of any kind, other than those associated with school sponsored activities, are not to be sold on school property by students or outside organizations. Fund-raising items can only be sold before school, during lunch, and after school. They are not to be sold during class and class change.

### Grading System

Reports on the quality of work in all classes are issued to students four times per school year. The grading scale is as follows:

- A : 90-100
- B : 80-89
- C : 70-79
- D : 60-69
- F : 59 and below

Incomplete Grade - an incomplete will be given for work missed due to excused absences. Work must be made up within ten days of the students return to school. A 59 may be given for work not made up.

**Honor Roll** - This is determined by the student having grades of "80" or higher for all numerically graded subjects.

**Principal's Honor Roll** - This is determined by the student having grades of "90" or higher for all numerically graded subjects.

## Hall Passes

Students are not permitted in the halls during classes without a hall pass from an authorized staff member. This pass must include: date, time, student's name, and destination. These passes are subject to inspection at any time. Hall passes are to be given to the teacher when the student reaches his/her final destination. Students are to carry passes so that the passes are conspicuous. Do not carry passes in pockets, billfolds, books, etc.

## Health Services

The health and safety of the students who attend school in Spartanburg County School District Three is of primary importance to our administrators, faculty and Board of Trustees.

Through a cooperative effort, we can ensure better health, improved attendance, and a higher level of academic achievement for all District Three students.

**HEALTH SCREENINGS:** Each year, the school nurse or other qualified health care professionals performs vision, hearing, and dental screenings for district 3 students. If further evaluation is needed, you will be notified. Please notify your school if you do not wish your child to participate.

**IMMUNIZATIONS:** An up-to-date immunization certificate from a doctor or from the Health Department is required of all South Carolina public school students. A parent friendly chart is available for your reference on your school web site or in the health room. If you have any questions, please call your school son or daughter's physician, your local health department or the school nurse.

**HEALTH ROOM:** The health room is staffed with a nurse who sees sick and injured students during the school day. If the student is ill, or if his/her fever registers 100 degrees or more, the nurse or other health room personnel will notify a parent or guardian by telephone to pick up the student. Because of such situations, your emergency and contact information must be kept current. Please update your telephone numbers and emergency contacts as needed.

**CHRONIC HEALTH CONDITIONS:** We ask that you please schedule an appointment to meet with the school nurse at your child's school if your child has a chronic or potentially life threatening health condition—for example asthma, severe allergies to insect stings, diabetes or seizure activity that requires specific treatment or immediate availability of medications.

**HIPAA:** The Health Insurance Portability and Accountability Act requires certain offices or persons within School District Three to maintain privacy of protected health information and to provide individuals with notice of the district's legal duties and privacy practices with respect to such information. The district will not use or disclose protected health information except under circumstances either required/permitted by law, or pursuant to authorization from the individual or his/her personal representative.

**MEDICATION:** As a demonstration of our commitment, the Board of Trustees has approved a policy for administering student medications at school. It is our expectation that this policy will enable our staff to provide the safest and best possible health services for our students. As in the past, we need your full support and cooperation.

Under our policy, student prescription medication will be given, or topical prescription medication will be applied during school hours—when prescribed by a licensed physician to be administered four times a day or at a specific time during the school day. The *Permission for School Administration of Prescription Medication* form is available in the school health room. This form must be completed and signed by the prescribing physician and returned to the school nurse by the parent or legal guardian.

In special medical circumstances, certain over-the-counter medications may be arranged to be given during school hours on a short term basis and must be furnished by the parent in new and unopened package. The *Permission for School Administration of Non Prescription Medication* form is available in the school health room. This form must be completed and returned to the school nurse by the parent or legal guardian. Students may not bring medications to school. All medications must be brought to the school nurse by the parent or guardian. Please call your school nurse if you have any questions.

**ILLNESS AT SCHOOL:** Students who are ill must obtain a pass from their class teacher to go to the health room located in the guidance office. The nurse will make appropriate arrangements for the student to go home. No student may use the health room without permission from his/her teacher. The health room is for those with emergency illnesses. If the student is too sick to stay at school, the nurse, not the student, is to make the telephone call to the student's parent. Students who violate the cell phone policy, rather than seeing the nurse for health reasons, will be subject to disciplinary action. If a parent or a contact person cannot be reached the student should return to their designated class.

## Insurance

Accident insurance is available to all students. The cost is nominal for the regular coverage, which protects the student while at school and en-route to and from school. Year round 24-hour coverage is available at a nominal cost. The school does not guarantee that the policy will cover every circumstance, or assume any responsibility for insurance. All athletes will be provided secondary coverage by the school district. The parents' policy will be the primary coverage.

Following an accident, the sooner a claim is filed with the company, the better the chances for prompt payment by the insurance company.

ALL CLAIMS WILL BE THE PARENT'S RESPONSIBILITY. THE SCHOOL WILL NOT HANDLE CLAIMS.

## Homework Policy

- 1. Homework helps students learn better and faster.** By asking to spend some of their out-of-class time working on a specific skill or subject, teachers make it possible to spend class time teaching students more new material.
- 2. Homework helps families become involved with education.** Homework is one-way parents can make a meaningful contribution to helping their sons and daughters achieve. WHEN STUDENTS SEE THAT THEIR PARENTS THINK EDUCATION IS IMPORTANT, THEIR PERFORMANCE IMPROVES.
- 3. Homework communicates the high expectations that schools hold for their students.** Assigning meaningful homework is one way of letting students develop confidence in their own abilities.
- 4. Homework helps students develop self-discipline and organizational skills.** Through homework, students learn how to manage their time. They learn the importance of setting goals and working to achieve them. They learn to be responsible for their own achievements. All these skills will help them continue to be successful throughout their lives.

## Internet Usage

(See Spartanburg School District 3 Personal Mobile Computing Plan)

The Internet can provide a vast collection of educational resources for students and employees. It is a global network that makes it impossible to control all available information. Because information appears, disappears and changes constantly, it is not possible to predict or control what students may locate. The school district makes no guarantees as to the accuracy of information received on the Internet.

Although students will be under teacher supervision while on the network, it is not possible to constantly monitor individual students and what they are accessing on the network. Some students might encounter information that is not of educational value. To all extents possible, student Internet activities will be monitored by the district to ensure students are not accessing inappropriate sites that have visual depictions that include obscenity, child pornography or are harmful to minors. The school district will use technology protection measures to protect students from inappropriate access.

### **OFF-Campus Internet Conduct**

Students and parents/legal guardians should understand that the district may take disciplinary action against a student for off-campus conduct involving inappropriate use of the Internet or Web-based resources, other interactive or digital technologies such as cell phone text and/or picture messaging if that conduct results in a disruption of the school environment. State law permits a school or district to take disciplinary action where a student engages in inappropriate off-campus conduct such as posting online comments that harass or threaten other students or staff members or that have a negative impact on the school environment. Such conduct is not limited to textual comments and may include, but not be limited to, the inappropriate use of photos, pictures, images, audio or video that harass or threaten others or create a negative impact on the school environment. Such conduct may be initiated and/or created off campus with equipment not owned by the school or district, but if its content is harassing or threatening to any student or staff member, the student may be disciplined for the disruption of the school setting. Any communication of this form which prevents a safe and positive educational environment may also be considered cyber bullying. **Cyber-bullying** is the use of any electronic communication device to convey a message in any form that defames, intimidates, harasses, or is otherwise intended to harm, insult, or humiliate another in a deliberate, repeated or hostile and unwanted manner under a person's true or false identity. Students whose behavior is found to be in violation of this policy will be subject to loss of privileges, discipline, up to and including expulsion.

### **Parent Permission and Student Assurances in the Conduct of Independent Student Research on the Internet**

There are many on-going educational projects on the internet that are appropriate for K-12 students. Many encourage subject area studies or support "virtual field trips" to museums or other locations around the world. Much of the information can be immediately printed from the computer screen for inclusion in student or faculty research projects assigned in class.

Our faculty members will supervise individuals and classes of students who are accessing the internet to ensure that appropriate content is seen on the computer. This kind of screening is not new; schools have always screened materials for student use to exclude many books, magazines, and videos not appropriate in a school setting. However, it is possible that a student conducting individual research may disregard teacher's instructions and actively seek out inappropriate material.

We believe that students can be provided opportunities to use the internet as a research tool within clearly understood guidelines. These conditions are:

1. Parents are advised of the rules and acknowledge the policy of SSD3.
2. The student gives written assurances regarding appropriate behaviors while operating the internet; and,
3. The student and parents understand that violations of these assurances will result in disciplinary action, and possible loss of internet privileges for flagrant abuse, i.e., searching for and/or downloading inappropriate material.

### **STUDENT ASSURANCES- See Spartanburg School District 3 Personal Mobile Computing Plan**

*When conducting independent research on the internet, I will:*

- Use the internet for legitimate educational purpose.
- Send e-mail only at the direction of my teacher or media specialist.
- Not register the name, home address, or telephone number of myself or anyone else in any location on the internet.
- Not attempt to download or save files to the computer hard drive or to a disk without teacher permission.
- Not search for, download, or print any material that violates school handbook codes regarding possession or display of inappropriate, offensive, or vulgar material, or assist any other student in such activities.
- Not use or attempt to use Telnet, Internet Relay Chats or other interactive exchanges without teacher permission.
- Not damage or alter computer, computer systems, or computer networks.
- Not violate copyright laws.
- Not trespass in another's folders, work or files.

I understand that my participation in any violation of the internet student assurances will result in disciplinary action and possible loss of access privileges to the internet, depending on the nature of the offense.

## Lockers

**\*\*\*\*\*Students are not permitted to share lockers!\*\*\*\*\***

- Students may only go to their lockers at times determined by their teachers.
- Each student is assigned a locker for the storage of books and equipment. It is the student's responsibility to see that his/her LOCKER IS KEPT LOCKED AND IN ORDER AT ALL TIMES. School combination locks are to be used.
- Since lockers are a permanent part of the building, students are expected to keep them in good, usable condition. Students should not leave personal items or food items in lockers.
- The administration reserves the right to open and search any locker when it is deemed in the best interest of the safety and welfare of all the students. Therefore, only school owned combination locks may be used on the lockers. Students are not to use other students' lockers or permit other students to use their lockers.

## Make-Up Work

Students who are absent for any reason will be required to make up work missed in all classes within three school days. It is the responsibility of the student to contact teachers about make-up work on the first day he/she returns to class.

### **Re-Do and Failure to Complete Assignments**

Faculty and staff are committed to the belief that completion of assigned work is paramount to student success. The following procedures have been established to assist students in completing assignments of the highest quality:

- A student may have one re-do of a major assessment per nine weeks which will earn a maximum of 75% credit. The teacher will determine if they qualify for a 're-do' based on if they adequately attempted the assessment the first time. Additionally, students will be given a form of academic enrichment prior to being allowed to take an additional assessment, thus increasing their chance of success. Students have 3 days to complete the enrichment and re-do the assignment unless otherwise allowed by their teacher.
- Required summer reading for honors level courses do not fall under the definition of a "major assessment"
- Once students accumulate three missing assignments they will be given an Academic Referral (see guidelines below). Once the deadline on the referral has passed, the student will receive a zero (0) for the work that has not been completed. All work must be completed prior to the end of the nine weeks, unless prior permission is granted by administration.
- Enrichment times, lunch times, and exploratory times will be used to schedule opportunities for students to finish their incomplete work. Since some students need "intensive care" to help guide them, we call the program ICU (Intensive Care Unit). Students who do not perform work up to their teachers and CMS standards may not be able to participate in field trips, field days, dances, sporting events, or any other event deemed necessary by the administration

### **Academic Referrals**

- Issued to students who have accumulated three missing assignments in a class.
- Referrals will be given to students on Tuesday and should be signed and returned on Wednesday.
- Students will be assigned afterschool detention (ASD) until 4:45 on Thursday of the week the referral is issued.
- Detention will be in the media center from 3:10-4:45.
- Once an academic referral is assigned, students are required to stay even if the work is submitted prior to Thursday.
- Failure to attend ASD will result in in-school suspension. Only administration can excuse/reschedule ASD.

### **ANNOUNCED TESTS**

1. Announced tests may be made up if a statement from a doctor is brought to the teacher immediately upon return to school.
2. The principal must approve the doctor's statement before being presented to teachers. If a test is missed for any other valid reason, permission must be obtained from the principal before the test can be taken.
3. Arrangements for make-up test work must be made within one day after returning to school.

### **REGULAR CLASSROOM WORK**

1. Related make up work will be given for all classes missed.
2. Make-up work must be completed to the satisfaction of the teacher three days after the work is assigned unless the teacher grants an extension.

If a student has misplaced an item, there is a lost and found area that is located within the gym in a room beside the stage.

## Schedule Changes

The master schedule is based upon the registration of the students, the requirements of the State Department Education and the Southern Association. Once made, it is difficult to make changes in this schedule without upsetting the balance between the restrictions and requirements imposed upon the master schedule. Schedule changes will be limited to only those approved by the principal. Individual student scheduling is completed by computer. When students have been scheduled and class sizes have been balanced as much as possible, "convenience" changes in the schedule should not be requested.

## School Closing

In the event of severe inclement weather or mechanical breakdown, school may be closed or starting time delayed. The same conditions may also necessitate early dismissal. School closing, delayed starting time or early dismissal will be announced via radio stations, television and/or our automated messaging system. Reports in the morning will be between 6:00 am and 9:00 am. If no report is heard, it can be assumed that school will be in session. Please do not call the school. Telephone lines must be kept open for emergencies. Please make sure the school office has a current phone number to insure you receive these important calls.

## School Counselors

The school counselors are available to discuss any home, school, or social concerns. Students are encouraged to visit with the counselors for personal guidance and for information on grades, study help, and testing programs.

## School Related Activities

## Supervision of Students

Students are not to be in any area unless under the direct supervision of a faculty member.

## Tardiness to School

Students are expected to be on time and ready to learn every day at CMS. If there is an issue with arriving to school at the predetermined time, contact administration. The success of each of our students is very important and if students are tardy, they are missing valuable instruction which can be detrimental to their academic success as well as others.

### Tardy to School

Students are required to be in their homeroom class no later than 7:50 am. Students who arrive later than 7:50 am will need to sign in at the main office before reporting to class.

### Tardy to Class

Students are required to be in the classroom, in their seat, and ready to learn when the bell rings.

Consequences for each type of tardy in any given quarter.

9+	ISS-Truancy

## Textbooks

Students are expected to take care of the textbooks in their possession. Each student is responsible for all textbooks issued to him/her until such time as he/she returns them to the proper school authority. Any damage or loss of textbooks must be paid for by the student to whom the book was issued. Students are not to write in the text books.

It is expected that each student will have his/her own textbooks with him/her whenever he/she meets his/her classes. Failure to do so can result in disciplinary action. A student is not to use another student's textbook without the owner's permission. Any student found with another student's textbook in his/her possession without the owner's permission will be subject to appropriate disciplinary action.

Lost or misplaced textbooks will not be replaced until payment for the lost or misplaced books has been made in the office. When textbooks are issued, student names are to be neatly handwritten inside the front cover. The written name is the primary means in which students identify their textbooks; however, the administration uses barcodes that are attached to the back of the text. Do not remove this barcode. If a student removes the barcode he/she is responsible for replacing the book, since the administration does not have a way to correctly identify the book.

## Tobacco Free Policy

The district's express intention for this policy is to enhance security by preventing students from bringing weapons or other dangerous objects into the schools. Any student who violates the provision of the student behavior code which provides that a student may not possess, use or transfer dangerous weapons, will be disciplined in accordance with district policy.

AFTER ID SCAN IS COMPLETED, AND ACCESS GRANTED, A PASS MAY BE GIVEN FOR ENTRANCE INTO THE BUILDING.

## Volunteers

Cowpens Middle School supports and encourages volunteerism within our school. Volunteers work in cooperation the school to help in meeting the needs of children and the school staff. We encourage volunteerism in our school for the following reasons:

- As volunteers, parents or other adults in the community provide students with enriched or additional learning experiences through their special skills and interests.
- Volunteers, in many instances, relieve teachers of certain routine duties, freeing them to devote more time to their professional duties.
- Volunteers serve the district's need for community input in planning efforts by serving on committees, councils, and study groups. These efforts also build a support base for the needs of schools in the community.
- Use of volunteers can increase the educational program's flexibility as well as opportunities for personal attention and assistance to individual students.

If you are interested in volunteering, please contact the main office to receive a volunteer application. Cowpens Middle School encourages parents to be actively involved in the school program by volunteering their services. To help ensure the safety of all children, it is the policy of the district to conduct background checks with the South Carolina Law Enforcement Department (SLED) on all volunteers. It will be a rare case that a volunteer will be used as a chaperone on an overnight field trip.

### **Volunteer Coaches:**

We value our parent volunteers; however, the administration feels it is not in the best interest of our athletic program to have parents coach their own child.

**South Carolina Code of Laws and Regulations of the Board of Trustees Spartanburg County School District Three requires that a copy of the following sections of the legal code be distributed to each secondary school student at the beginning of the school year.**

### **Section I. Legal Authority for Discipline in South Carolina**

- A. Section 21-230 of the South Carolina Code of Laws outlines the general powers and duties of school trustees shall also "(3) Promulgate rules and regulations. Promulgate rules prescribing scholastic standards of achievement and standards of conduct and behavior that must be met by all pupils as a condition to the right of such pupils to attend the public schools of such district, and the necessity of proper conduct on the part of all pupils and the necessity for scholastic progress in order that the welfare of the greater number of pupils shall be promoted notwithstanding that such rules may result in the ineligibility of pupils who fail to observe the required standards, and require the suspensions or permanent dismissal of such pupils."
- B. Page 57 of 1969 Cumulative Supplement Section 21-230 of the South Carolina Code of Laws states; "Authority to discipline students - school superintendents have authority to make rules and regulations concerning discipline in their schools, which authority is derived through delegation of power vested in the board of trustees."
- C. In addition to other provisions required by law or by regulations of the State Board of Education, school administrators must contact law enforcement authorities immediately upon notice that a person is engaging or has engaged in activities on school property of at a school sanctioned or sponsored activity which may result or results in injury or serious threat of injury to the person or to another person or his property as defined in local board policy.

### **Section II. Students Interrogations and Searches**

Students do not lose their constitutional rights upon entering school premises. Under the 4th Amendment of the U. S. Constitution students are protected from unreasonable searches. However, under S. C. House Bill 3442, and School District Three Board Policy JCAB, students and their belongings are subject to reasonable searches and seizures. Furthermore, any search conducted must be reasonable in scope given the age and sex of the student and the nature of the alleged infraction. House Bill 3442 also allows principals or their designees to search both the person and the property of school visitors. It is the policy of the district that only the principal, assistant principal, or their designee may conduct such searches within the legal parameters outlined above unless exigent circumstances exist which require immediate action to be taken for reasons of safety. This policy also allows for searches of school property loaned to a student and/or personal property brought on the school campus by the student.

### **Section III. Standards of Pupil Conduct**

- A. The philosophy of the public schools presupposes that most disciplinary problems will be handled between teacher, child, and parent in a calm, reasonable manner. The philosophy assumes that effective discipline leads to increased maturity and desirable behavior on the part of the student. Nevertheless, there are problems which, because they affect the learning opportunity of other children, necessitate rapid deterrent action.

B. The following regulations concerning standards of conduct and behavior will apply to all students.

\*Students are required to conduct themselves at all times and places in a manner that will not be contrary to the best interests of the school. Conduct of the student in any manner that which materially disrupts class work or involves substantial disorder or invasion of the rights of others is a basis for suspension or expulsion of students.

### **Asbestos Hazard Emergency Response Act**

In compliance with the Asbestos Hazard Emergency Response Act (AHERA), our district contracted the services of AAA Environmental Services to inspect our schools for the presence of asbestos. We have received a Management Plan from this firm that documents the findings of their inspection and complies with all of the criterion required by both the State of South Carolina and the Environmental Protection Agency. This plan is available for inspection to representatives of EPA and the State, the public, including parents, teachers, and other school personnel and their representatives as required by the AHERA Rule in our administrative offices located at 3535 Clifton Glendale Road.

If a copy of this report is desired, it will be provided for the reasonable cost of \$.10 per page. Any questions concerning the Management Plan should be addressed to Mr. Paul Hollifield, located at the administrative offices, who will be serving as our LEA Designee. You will be notified of any further asbestos related developments as the need arises.

Sincerely,

Paul Hollifield

Director of Facilities and Grounds

### **C.S.C. Compulsory Attendance Law**

1. Section 59-65-10A. Responsibility of parent or guardian.

All parents or guardians shall cause their children or wards to attend regularly a public or private school or kindergarten of this state which has been approved by the State Board of Education or a member of the South Carolina Independent Schools' Association or some similar organization, or a parochial, denominational, or church related school, or other programs which have been approved by the State Board of Education from the school year in which the child or ward is five years of age on or before September 1st until the child or ward attains his seventeenth birthday or graduates from high school. A parent or guardian, whose child or ward is not six years of age on or before the first day of September of a particular school year, may elect for their child or ward not to attend kindergarten. For this purpose, the parent or guardian shall sign a written document making the election with the governing body of the school district in which the parent or guardian resides. The form of this written document must be prescribed by regulation of the school district in which the parent resides. The form of this

written document must be prescribed by regulation of the Department of Education. Upon the written election being executed, that child or ward may not be required to attend kindergarten. 13

**2. Section 59-65-20. Penalty for failure to enroll or cause a child to attend school.**

Any parent or guardian who neglects to enroll his child or ward refuses to make such a child or ward attend school shall, upon conviction, be fined not more than fifty dollars or imprisoned not more than thirty days; each day's absence shall constitute a separate offense; provided, the court may in its direction suspend the sentence of anyone convicted of the provisions of this article.

### **Every Student Succeeds Act (ESSA)**

The Every Student Succeeds Act (ESSA) was signed by President Obama on December 10, 2015. This bipartisan measure reauthorizes the 50-year-old Elementary and Secondary Education Act (ESEA), the nation's national education law and longstanding commitment to equal opportunity for all students. The new law builds on key areas of progress in recent years, made possible by the efforts of educators, communities, parents, and students across the country.

The previous version of the law, the No Child Left Behind (NCLB) Act, was enacted in 2002. NCLB represented a significant step forward for our nation's children in many respects, particularly as it shined a light on where students were making progress and where they needed additional support, regardless of race, income, zip code, disability, home language, or background. The law was scheduled for revision in 2007, and, over time, NCLB's prescriptive requirements became increasingly unworkable for schools and educators. Recognizing this fact, in 2010, the Obama administration joined a call from educators and families to create a better law that focused on the clear goal of fully preparing all students for success in college and careers.

### **Family Educational Rights and Privacy Act (FERPA)**

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records.

Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. School may charge a fee for copies.

Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them.

## **Special Education Initial Evaluation Procedures (August 2012)**

Initial child find referrals come from the following sources:

- Preschool child find screenings (referred by parent/guardian, physician, day care, etc.)
- Parents of students in private schools, home schools
- Student assistance teams in elementary schools
- Grade level teams in middle schools and high school

The district has a checklist of tasks and dates received for recording receipt of referrals, due process, evaluations, meetings, etc. This checklist is maintained in the student folder and dates are keyed into appropriate sections of Excent (Enrich) software. Referrals are reviewed by teams- SEARCH team, school assistance teams, grade level teams. Teams are represented by a variety of staff positions – such as regular education, special education, administration, other. Parents typically are invited to be on the school assistance team. If not on the team, parents are contacted in writing when the referral is completed. The team documents their participation on the referral, and documents data that determines the proposed evaluation is sufficiently comprehensive to identify all of the child's special education and related services.

Upon receipt of an initial child find referral the following occurs

District Office Special Services Staff reviews the Referral for Special Services Evaluation.

- Vision, hearing, and speech/language screening data is typically included in the Referral for Special Services Evaluation. If it is not included, District Office Special Services Staff follows up to gather this data.
- Parent is provided the Parent Notice of Referral for Evaluation.

School psychologist seeks permission to evaluate by sending the following to the student's parent/guardian:

- Parent Handbook to Special Services – Procedural Safeguards Notice
- Letter of Permission to Evaluate
- Evaluation Procedures - Tests to be Administered
- Permission to Evaluate (The district records in the student file and in Excent software the date a district staff member received the signed permission for evaluation. If a staff member does not give a date received, then the date the parent signed consent for evaluation (date written by parent signature) is used.
- Consent for Treatment, Release of Information, and for Medicaid Reimbursement
- Social, Health, and Developmental History
- If these documents are not received within a reasonable time frame, District Office Special Services Staff follows up with the parent/guardian by phone call. Upon receipt of parental consent for evaluation the school psychologist, and additional relevant staff if needed, conducts a comprehensive psycho-educational evaluation. The district follows South Carolina Standards for Evaluation and Eligibility Determination (SEED). The school psychologist completes a district checklist showing that all components of the evaluation are completed according to eligibility requirements. Final determination of disabilities is the responsibility of the multi-disciplinary review team.

After evaluations are completed within 60 days of the parent permission for evaluation, the district convenes a multi-disciplinary team meeting to determine special service eligibility. The parent/guardian is provided with a minimum of two varied forms of notification for this meeting.

During the multi-disciplinary team meeting the following occurs:

- Team reviews the comprehensive evaluation data
- Team determines eligibility for special services
- Team discusses service options for the student
- Team discusses drafted Individualized Education Program (IEP) if available.

If the student is determined eligibility and a drafted IEP is not available at the time of the eligibility meeting, a separate placement meeting is scheduled within 15 days to review a draft of the IEP.

The parent/guardian receives a copy of the Record of Committee Minutes-Prior Written Notice and all other written documentation which includes, Parent Handbook to Special Services – Procedural Safeguards Notice, Psycho-educational Evaluation Report, Parental Consent for Placement, IEP, and if applicable, LD Written Report, COSF, Speech/Language Evaluation Report, Occupational Therapy Evaluation Report, Physical Therapy Evaluation Report, etc.
